27 July 2012

Dear NGO Representative,

I am pleased to inform you that the Economic and Social Council (ECOSOC) at its Substantive Session of July 2012 adopted the recommendation of the Committee on Non-Governmental Organizations (NGOs) to grant **Special** consultative status to your organization **Vienna Economic Forum**. On behalf of all staff of the Non-Governmental Organizations Branch, please accept our heartfelt congratulations.

Consultative status for an organization enables it to actively engage with ECOSOC and its subsidiary bodies, as well as with the United Nations Secretariat, programmes, funds and agencies in a number of ways. In order to better understand this relationship, we take this opportunity to provide some critical information about the **privileges** that consultative status with ECOSOC confers on your organization, as well as the **obligations** that your organization will be required to meet under this relationship. **We therefore urge you to take the time to carefully review the information we have provided below.**

#### Privileges and benefits of consultative status

##### 1) ECOSOC Resolution 1996/31

- Arrangements for consultations with NGOs are regulated by ECOSOC resolution 1996/31, adopted by the Council on 25 July 1996. Please review the entire resolution at: <http://csonet.org/content/documents/199631.pdf> for detailed information. It provides information on ways to participate in the work of the Council, including opportunities to organizations such as yours to consult with Member States and the United Nations system at large, based on the nature and scope of work that your organization undertakes. Consultative relationship with NGOs also enables the Council or one of its bodies to seek expert information or advice from organizations with special competence in a subject matter.

## DEAR MEMBERS, PARTNERS AND FRIENDS OF VIENNA ECONOMIC FORUM

In the spirit of our tradition, we want to look back to the year 2017 with this brochure and we are pleased to announce that it was another good year of the 14-year success story of Vienna Economic Forum. A year that, thanks to your support, has continued to bring trust and recognition to all of us – regionally as well as Europe- and even worldwide.

The success story of the Vienna Economic Forum continued in May 2017 with the **Vienna Economic Talks – Belgrade Meeting 2017**, which took place in cooperation with the **Serbian Association of Economists** in the **Chamber of Commerce and Industry of Serbia**. We were privileged to organize our Belgrade Meeting 2017 under the **patronage of the President of the European Commission Jean-Claude Juncker** and the event received great positive response, not only in Serbia but also across all of the Balkans.

On 16 June 2017, Vienna Economic Forum together with the Ambassadors of the Member Countries hosted the **16th Traditional Garden Party** “Culinary and musical journey through the Partner Countries of Vienna Economic Forum” **IN A DIFFERENT WAY**, in the **market town of Gutenstein**, with guests from 20 different countries at the theatre-tent of the Raimundspiele Gutenstein. In addition to the presented national and regional culinary specialties, the national dances of various dance groups provided, once again, proof of all the many similarities connecting the people of the region from the Adriatic to the Black Sea.

The **14th Vienna Economic Forum – Vienna Future Dialogue 2017** has brought together high-ranking participants from **38 countries** in the Novomatic Forum, in the heart of Vienna, for a lively and pragmatic discussion under the motto **“Economy meets Politics”**, to seek for concrete solutions for the support of the good development of the regional economy.

Under the same motto **“Economy meets Politics”**, we would like to continue to contribute to the cohesion of Europe in 2018 and build a bridge between **Vienna Economic Forum – Sofia Talks 2018**, which we organize **under the auspices of the Bulgarian Presidency of the Council of the EU in 2018**, and the **15th Jubilee Vienna Economic Forum**, which will take place on 19 November 2018 during the **Austrian presidency of the Council of the EU in the second half of 2018**.

We are proud that **Vienna Economic Forum – Sofia Talks 2018** is recognized as the **Official Side Event of the EU-Western Balkans Summit 2018** and look forward to your active participation.

Dear Members, Partners and Friends of the Vienna Economic Forum,

We would like to sincerely thank you on behalf of the Board of the Vienna Economic Forum for your constant and trusting support. With your economic activities, your company, and you personally, are writing the story of the growing together of the **Vienna Economic Forum region – a European region!**, which needs good economic development more than ever. With your initiatives and creativity, you will inspire our joint project – Vienna Economic Forum, for further active cooperation in the entire region and beyond.

Thank you!

“Canon, world-leader in imaging solutions, has published highlights from its Office Insights 2017 report, which reveals that Central and Eastern Europe has a growing intent to deploy Managed Print Service and cloud services for private as well as public sector – despite restrictive budgets and inherent concerns around security. The report found that even though there are signs of appreciation of the benefits of digital technology among Central & Eastern European businesses, the adoption process has only just begun. We are also seeing a lot of growing opportunities in Central and Eastern Europe for other areas of business such as graphic arts, pro photo and video.”

„Canon, weltweit führender Imaging-Solutions Anbieter, hat die Schwerpunkte aus seinem Office Insights 2017 Bericht veröffentlicht. Daraus geht hervor, dass in Mittel- und Osteuropa vermehrt die Absicht Managed Print Service und Cloud Services für den privaten und öffentlichen Sektor einzusetzen besteht und dies trotz restriktiver Budgets und inhärenter Sicherheitsbedenken. Der Bericht belegt, dass der Adoptionsprozess gerade erst begonnen hat, obwohl die Vorteile der Digitaltechnologie bereits jetzt von mittel- und osteuropäischen Unternehmen geschätzt werden. Auch für andere Geschäftsfelder wie Grafik, Pro-Foto und Video sehen wir in Mittel- und Osteuropa eine Vielzahl von Wachstumschancen.“

# THE EVOLUTION OF THE DIGITAL WORKPLACE

Canon Office Insights Report 2018

The workplace is rapidly changing. Flexible start times, working from home, mobile workers and hot desking and employees who interact daily across international boundaries, all contribute to a diverse and sometimes difficult to manage landscape. With big data on the rise, security and data management issues are evolving. At the same time, businesses are becoming increasingly aware of the importance of utilising information quickly and securely, no matter where their employees are based or what industry they work in.

The research covers IT decision-makers, influencers in the purchase process and significant end users. Insights have been collected from technology decision-makers and end users located in Western, Central and Eastern Europe, Eurasia, the Middle East and Africa. These findings are particularly valuable because it's the voice of businesses directly. They're telling us what's happening today and what they expect tomorrow.

“As the President of the official investment promotion agency of Turkey and as the board member of the Vienna Economic Forum, I strongly attach vital importance to the VEF region. We collaborate with business associations and government institutions to realize B2B meetings with potential investors, organize their visits to Turkey, and help them with their entire investment process. In addition, we often attend investment related meetings and seminars all around the region. Turkey is a dynamic and growing G20 economy that uniquely links the East with the West. We are supporting the growth of international investors through a business-friendly environment and we provide access to large domestic and international markets. In this regard, investors can always count on our support while planning to invest in Turkey.”

*„Als Präsident der offiziellen Investitionsförderungsagentur der Türkei und als Vorstandsmitglied des Vienna Economic Forum, lege ich große Bedeutung in die VEF Region. Wir arbeiten mit Wirtschaftsverbänden und Regierungsinstitutionen zusammen, um B2B-Treffen mit potenziellen Investoren zu organisieren, ihre Besuche in der Türkei zu organisieren und ihnen bei ihrem gesamten Investitionsprozess zu helfen. Darüber hinaus nehmen wir häufig an investitionsbezogenen Sitzungen und Seminaren in der gesamten Region teil. Die Türkei ist eine dynamische und wachsende G20-Wirtschaft, die den Osten in einzigartiger Weise mit dem Westen verbindet. Wir unterstützen das Wachstum internationaler Investoren durch ein unternehmerfreundliches Umfeld und bieten Zugang zu großen nationalen und internationalen Märkten. In dieser Hinsicht können Anleger immer auf unsere Unterstützung zählen, wenn sie planen, in der Türkei zu investieren.“*

“Following many years of active engagement in diplomacy on behalf of the U.S. government, primarily in regions of direct interest to the Vienna Economic Forum, my business and commerce activities continue throughout these regions. My belief is that the tremendous potential of Southeast Europe and neighboring regions must continue to be developed, and the current and looming challenges must not deter tangible progress and sustainable prosperity. The continued integration of Southeast Europe into Euro-Atlantic institutions, notably the European Union, presents unique circumstances that can be addressed and resolved. Full integration would undoubtedly result in a significant milestone reflective of the prowess of Europe. History vividly illustrates the inextricable link between good governance and good politics and the success of a transparent and durable business environment. Vigorous economic growth and development can be powerful mechanisms in mitigating political differences. For these reasons and others, facilitating strong Euro-Atlantic economic links is a priority in my work. This is the essence, I believe, of the Vienna Economic Forum and its mission in the region.”

*„Nach vielen Jahren aktiven Mitwirkens in der Diplomatie im Auftrag der US-Regierung, vor allem in Regionen, die für das Vienna Economic Forum von unmittelbarem Interesse sind, setze ich meine Geschäftsaktivitäten in diesen Regionen fort. Ich bin der Überzeugung, dass das enorme Potenzial Südosteuropas und benachbarter Regionen weiter entwickelt werden muss und dass die gegenwärtigen und drohenden Herausforderungen den greifbaren Fortschritt und nachhaltigen Wohlstand nicht beeinträchtigen dürfen. Eine sich fortsetzende Integration von Südosteuropa in euro-atlantische Institutionen, insbesondere in die Europäische Union, bietet einzigartige Umstände, die angegangen und gelöst werden können. Eine vollständige Integration würde zweifellos zu einem bedeutenden Meilenstein führen, der die Leistungsfähigkeit Europas widerspiegelt. Die Geschichte veranschaulicht eingehend den untrennbaren Zusammenhang zwischen guter Regierungsführung und guter Politik und dem Erfolg eines transparenten und dauerhaften Geschäftsumfelds. Kräftiges wirtschaftliches Wachstum und Entwicklung können mächtige Mechanismen zur Milderung politischer Differenzen sein. Aus diesen und anderen Gründen ist die Förderung starker europäisch-atlantischer Wirtschaftsbeziehungen eine Priorität meiner Arbeit. Das ist meines Erachtens der Kern des Vienna Economic Forum und seiner Mission in der Region.“*

## 16<sup>TH</sup> TRADITIONAL GARDEN PARTY OF VIENNA ECONOMIC FORUM

### “Culinary and Musical Journey through the Member Countries of Vienna Economic Forum” at the theatre-tent of the Raimundspiele Gutenstein.

On 16 June 2017, Vienna Economic Forum, together with the Ambassadors of the member countries of Vienna Economic Forum, and the mayor of the market town Gutenstein, Mr. Michael Kreuzer, invited to the **16th Traditional Garden Party “Culinary and Musical Journey through the Member Countries of Vienna Economic Forum”** at the theatre-tent of the Raimundspiele Gutenstein.

In the opening speech and ceremony, Secretary General **Amb. Dr. Elena KIRTICHEVA**, the mayor of the market town Gutenstein, **Mr. Michael KREUZER**, and **Family Hoyos** represented by **Ernst HOYOS** addressed and welcomed the numerous guests from over **20 different countries**, not only Vienna Economic Forum member countries but also from beyond.

The embassies of the member countries of Vienna Economic Forum and the hosting market town Gutenstein did not spare any efforts to treat the guests with country-specific and traditional culinary delicacies.

The diverse, artistic programme was moderated by **Prof. Stefan KAMILAROV** and accompanied with the welcome address by the chief of protocol of the Office of the President of the Republic of Austria and Gutenstein Citizen by choice, **Ms. Gudrun HARDIMAN-POLLROSS**.

The guests enjoyed performances by Bulgaria, Bosnia and Herzegovina, Macedonia, Moldova, and Ukraine as well as by the Culture Committee of Vienna Economic Forum – the folk dances of the region animated the guests to join the dancing on stage.

The unique, scenic atmosphere in the charmingly located market town Gutenstein was a proof of the many ties and bonds in common, which connect the people of the region from the Adriatic to the Black Sea. Once again, the **16th Traditional Garden Party** was much influenced by an understanding among nations.
