VIENNA ECONOMIC FORUM MEETINGS 2015

DEAR MEMBERS OF VIENNA ECONOMIC FORUM!

The year 2015 is behind us and we want to inform you about our common Vienna Economic Forum activities throughout the year. Here it is – our traditional annual booklet that tries to represent within some pages in words and pictures the whole year – a year full of dynamic, rapid changes in the business world and the political environment, mass migrations and major challenges Europe and worldwide.

This year, Vienna Economic Forum continued to be **the platform** for creating the best opportunities for our members for their own economic activities and to contribute thus to more prosperity in the whole region. Our events are increasingly meeting places for realizations of public and private interests, and we are pleased to contribute with our support to various projects in the region to its further growth as a part of a **united Europe**.

The member countries of the Vienna Economic Forum – the six countries of the **Western Balkans** – Albania, Bosnia and Herzegovina, Kosovo, Macedonia, Montenegro and Serbia are strongly moved into the focus of the European Union and it is an important development that the Prime Ministers of these countries meet together – on the beginning at the First Western Balkans conference in Berlin in August 2014 then, in the Second Western Balkans conference in August 2015 in Vienna.

To support the important common European goal, we have therefore organized together with the Albanian government on **27 May 2015** the **Vienna Economic Forum – Tirana Talks 2015** and all 6 Prime Ministers met together around one table for the first time in a capital of a country in the region – in **Tirana**. This is not ordinary, and thus the **Vienna Economic Forum – Tirana Talks 2015** were described as a historical event by all regional media reports. Our aim is to organize our Vienna Economic Talks in this format on a rotating basis, particularly by supporting joint border infrastructure projects, which were designated in 2nd Westbalkan Conference in Vienna as a priority.

We, of the Vienna Economic Forum, are strongly convinced that the EU should support the economic development of all VEF-Members distinctively and thus promote the integration of the Western Balkan countries as soon as possible. The region is part of Europe and deserves to be considered as such. The interest in the region is also reflected in the activities of various countries from other regions of the world. China is very active in the region and shows with its “16 plus 1”-Initiative strategic thinking and rapid response. When we see the Western Balkans from this geopolitical perspective, the unity of Europe should also develop in this direction.

During our meetings in 2015 we experienced again and permanently the **importance of cooperation** and its significance for achieving positive and concrete results on regional and sub regional level, even more and especially in such turbulent times.

On **18 June 2015** we held **Vienna Economic Talks – Investments and Regional Cooperation** which we organized together with our strategic partner the **Tsomokos Group International** in the Studio 44 of Austrian Lotteries in Vienna.

The **14th Traditional Garden Party “Culinary and musical journey through the partner countries of Vienna Economic Forum” on 19 June 2015** was once again a lovely event and once again showed how much people from the region have in common and how important the good economic development and the peaceful relations are between neighbouring countries from the Region of Vienna Economic Forum.

At the 12th Vienna Economic Forum – Vienna Dialogue 2015 on 23 November 2015 we had the pleasure to welcome participants from 39 countries at Palais Niederösterreich in Vienna, 64 % of which came from abroad. High ranking participants and decision makers discussed under the mottoes “Investments as a motor for Competitiveness and Growth” about the topics “How can Europe Grow?”, “Can Banks stimulate growth?”, “Investments as a motor. How to create Jobs – regional, sub-regional and Europe-wide?”, “Is a common regional Investment Strategy Possible?”, “The European way to a more pragmatic aspect. Visions and investor response world-wide”.

In the annual ceremony for the **Vienna Economic Forum Awards “Country Partner of the Year 2015”** was awarded **Albania** and as **“Cooperation Partner of the Year 2015”** the Casinos Austria AG and Chief Executive Officer Dr. Karl Stoss were nominated.

Dear Members,

We want to thank you – VEF-members, but also all partners and friends of Vienna Economic Forum, for yours continuous support and active participation at all conference, forums and international Talks, which Vienna Economic Forum organised or co-organised in Vienna and abroad.

We are convinced that **Europe** needs the **Vienna Economic Forum region** and that many young, ambitious, to a large extent very well-educated and hard-working people who still have fresh, untapped energies would be an immense asset for Europe.

If Europe and the EU wants to play a global role, then it must also state that the countries from the region clearly belong geographically to Europe, and those who are not yet EU members, should become part of the European Union, and to insert these different parts into the mosaic that is the European Union.

We will further actively work for this goal and we can ensure you, that Vienna Economic Forum will continue the good cooperation for further economic development in and between the member countries, in all directions of the region, in Europe and worldwide.

We are looking forward to meet all of you at the **13th Vienna Economic Forum – Vienna Future Dialogue 2016, on 21 November 2016** in Vienna!

VIENNA ECONOMIC FORUM – TIRANA TALKS 2015

27–28 May 2015, Tirana

The **six countries of the Western Balkans** – Albania, Bosnia and Herzegovina, Kosovo, Macedonia, Montenegro and Serbia have become into focus of the European Union and it is an important advance that the Prime Ministers of these countries meet together. To support the common European goal, the Vienna Economic Forum organized together with the Albanian government on the initiative of H.E. Prime Minister Edi Rama, the **Vienna Economic Forum – Tirana Talks 2015**.

All Prime Ministers of the region, H.E. Prime Minister of Bosnia and Herzegovina Denis Zvizdic, H.E. Prime Minister of Kosovo Isa Mustafa, H.E. Prime Minister of Macedonia Nikola Gruevski, H.E. Prime Minister of Montenegro Milo Djukanovic and H.E. Prime Minister of Serbia Aleksandar Vucic, described it as an **important event** and signal for the whole region which makes an important contribution to the common way to the European Road and to the investment strategy in the Western Balkans as an important part of the VEF-region.

Vienna Economic Forum is proud that **all 6 Prime Ministers of the Western Balkan** countries have accepted the invitation to participate at the **Vienna Economic Forum – Tirana Talks 2015**.

The conference in Tirana has had an enormously large and exclusively positive response in all Balkan countries and was marked as a **historical conference** and has long been a central theme of all media in the region.

The **Vienna Economic Forum – Tirana Talks 2015** has shown that it is possible to work for the benefit of the whole region. Serbian Prime Minister Aleksandar Vucic has very exactly brought the atmosphere to the point: “Let us, as then, Germany and France have made, all look forward together.”

The Members of the Board of Vienna Economic Forum, **Dr. Günther Rabensteiner**, Board Member, Verbund AG and **Mag. Heinz Messinger**, Managing Director, AME GmbH, presented their expertise on investment opportunities in Albania and the region to the numerous high-level decision-makers and thus contributed greatly to the success of the conference.

Secretary General Ambassador Dr. Elena Kirtcheva welcomed about **120 participants from 18 countries**. This shows us once again the great interest in the Vienna Economic Talks in the region of Vienna Economic Forum, as well as beyond.

The opening in the premises of the Austrian Lotteries was carried out by host **Dr. Karl Stoss**, CEO of Casinos Austria AG and Board Member of Vienna Economic Forum.

The aim of the event was to highlight the investment opportunities in the Western Balkans region as a part of the whole region of the Vienna Economic Forum as well as the economic integration of Serbia on its way to Europe and the economic cooperation with the other VEF-countries and to give additional support, as well as further input to the common regional economic development on the eve of the 2nd Western Balkans conference in August 2015 in Vienna.

A constant aspiration of **Vienna Economic Forum** activities is the aim to continue to **popularize internationally** its ideas, events and visions, to contribute to the expansion of investment opportunities and contacts, and in this way to contribute to a better positioning of its members in the **economic development** of the region.

The Marmara Group Foundation was founded in 1985 as a peace and dialogue initiative and contributes greatly to the regional cooperation with their annual Eurasian Economic Summit.

Marmara Group Foundation is the VEF-longstanding and important partner in Turkey, and it was a special moment to accept the **Awards "Medal of Honour of Marmara Group Foundation"** at a festive ceremony in the **presence of many presidents and prime ministers of the whole region**.

The **G20 WAIPA Conference on Foreign Direct Investments in Istanbul** was a gathering of the Presidents of Investment Agencies and high ranking decision makers from around the world.

WAIPA is the international organization, which is increasingly becoming an influential platform for bringing Foreign Direct Investments (FDI) on the focus of regional and international agenda.

Turkey as G-20 country and now where WAIPA is headquartered, is also founding Member country of Vienna Economic Forum and this enables a better cooperation for the benefit of the whole region.
