27 July 2012

Dear NGO Representative,

I am pleased to inform you that the Economic and Social Council (ECOSOC) at its Substantive Session of July 2012 adopted the recommendation of the Committee on Non-Governmental Organizations (NGOs) to grant **Special** consultative status to your organization **Vienna Economic Forum**. On behalf of all staff of the Non-Governmental Organizations Branch, please accept our heartfelt congratulations.

Consultative status for an organization enables it to actively engage with ECOSOC and its subsidiary bodies, as well as with the United Nations Secretariat, programmes, funds and agencies in a number of ways. In order to better understand this relationship, we take this opportunity to provide some critical information about the **privileges** that consultative status with ECOSOC confers on your organization, as well as the **obligations** that your organization will be required to meet under this relationship. **We therefore urge you to take the time to carefully review the information we have provided below.**

Privileges and benefits of consultative status

- 1) ECOSOC Resolution 1996/31
 - Arrangements for consultations with NGOs are regulated by ECOSOC resolution 1996/31, adopted by the Council on 25 July 1996. Please review the entire resolution at: <http://csonet.org/content/documents/199631.pdf> for detailed information. It provides information on ways to participate in the work of the Council, including opportunities to organizations such as yours to consult with Member States and the United Nations system at large, based on the nature and scope of work that your organization undertakes. Vienna Economic Forum

DEAR MEMBERS, PARTNERS AND FRIENDS OF VIENNA ECONOMIC FORUM!

The time has come to look back at the past year – the 17th since the founding of VEF. 2020 challenged us in the most unexpected ways by suddenly imposing a restriction on the global community pulse of interaction on a scale reaching out far, even into our daily routine and sadly at the cost of many lives.

Nevertheless, the powerful teachings of history are pointing out that such periods of hardships are usually followed by times of hope and new opportunities for further development. In this sense we need to emphasise our gratitude to all of you for staying behind Vienna Economic Forum and for demonstrating faith in our common aim to bring together and to stimulate the dialogue between economy and politics by approaching these opportunities in a more open and efficient way.

It is only with your firm support that the year 2020 actually turned out to be a successful year for VEF, an year of change – even in regard to the physical office space of Vienna Economic Forum that is now settled in Vienna’s “Embassy Quarter” at Prinz Eugen Strasse – right next to the beautiful Belvedere Baroque palaces.

In the spirit of time the adjustment also applied to the 17th **Vienna Economic Forum – Vienna Future Dialogue 2020**. In a **special online edition – Economy Meets Politics in a Digital World**, with great success VEF demonstrated that traditional experience and powerful current processes like digitalisation can go hand in hand by benefiting from each other and setting the course to bright future initiatives. With the **strong support of the Team of Austrian Post** the hybrid event took place both onsite - in the Trumpet hall of Österreichische Post AG and online – under the **guidance of EU Commissioner Mariya Gabriel**, with portfolio for Research, Innovation, Education, Culture and Youth.

The interesting discussions between high ranked politicians and representatives of the economy from the VEF-member countries and worldwide on the **“challenges and opportunities for the regional economy”** as well as the **“new types of mobility in a digital world”** reached out to more than 1200 viewers from 32 countries – regionally, Europe – and worldwide and received a great positive response.

Dear Members, Partners and Friends of Vienna Economic Forum, we would like to **sincerely thank you on behalf of the Board of Vienna Economic Forum for your constant and trusting support**. The challenges of 2020 set stronger focus on the economic development of the VEF region as an European region and even managed to clearly define the most crucial directions of this development. This not only reaffirms the importance of the path that VEF-Family has been walking on during the last 17 years, but also gives us confidence to stay on the pulse of time and continue to write together the success story of Vienna Economic Forum!

Yours,

“AFRY Management Consulting is the leading expert for the energy, forestry and bioindustries worldwide. Our team provides strategic and operational advice across the value chain.

Industries are changing at an unprecedented pace as our world becomes increasingly interconnected. Global changes bring both challenges and opportunities for all: the shift towards fossil-free and smart systems, the transition from synthetic to biomaterials, operational excellence and digitalisation, the decentralisation of markets, as well as new strategies and products. We aim to assist our clients in this transformation phase in the best possible way. As part of the AFRY Group, our management consultants are supported by 17,000 experts from infrastructure, industry and energy.

Our Austrian branch has been focusing on decarbonisation, digitalisation, location attractiveness and the industrial region of the future, with the latter receiving a lot of attention lately. We particularly focus on "Future Industrial Regions" and have launched a unique initiative in Austria to support existing companies, attract new companies and increase resilience. What makes this project so special is the inclusion of children and young people as well as the overall accompanying technical expertise out of Northern Europe.”

Wir wollen unsere Kunden bestmöglich in dieser aktuellen Phase der Transformation begleiten. Als Teil der AFRY Gruppe werden unsere Managementberater von 17.000 Fachkräften aus Infrastruktur, Industrie und Energie unterstützt.

While the effects of the pandemic will last, 2021 will be a year of transition, as businesses are starting to look forward to shaping their futures and build agility into their working practices. They need to operate productively, collaboratively and work securely from anywhere.

With its advanced technologies/solutions and expertise, Canon is already supporting hybrid workspaces with a connected, automated and secure working environment.

We have the experience and expertise to guide you on swift digital transformation journeys whilst continuing to make an existing document and content environment more efficient, less costly and more compliant.”

"I am honoured to continue serving as a Member of the Board of the Vienna Economic Forum and to participate actively in the Forum's activities in Austria and throughout the Southeast European region. My many years of active engagement in diplomacy and commercial activity, primarily in regions of direct interest to the Vienna Economic Forum have confirmed my belief in the strength and capabilities of the peoples of Southeast Europe and surrounding countries. The overall objective should be the full integration of all of Europe, including Southeast Europe, into Euro-Atlantic associations, including the European Union (EU). Today, we are all faced with new and unique challenges. But these challenges should not deter progress in forging strong regional, Euro-Atlantic and global relations. To the contrary, all the more reason why the work of the Vienna Economic Forum and like-minded organizations take on added tremendous significance. The keys to progress toward this objective of integration remain the same as they have always been: good governance, democracy, transparent markets, open societies and regional and global cooperation. Having celebrated its 15th anniversary, the Vienna Economic Forum can count on me for continued support in all of these key activities through the coming period."

„Für mich ist es eine große Ehre, weiterhin Mitglied des Vorstands des Vienna Economic Forum zu sein und tatkräftig an den Aktivitäten des Forums in Österreich und im gesamten südost-europäischen Raum mitzuwirken. Mein langjähriges Engagement in der Diplomatie und den kommerziellen Aktivitäten, vor allem in den Regionen, die für das Vienna Economic Forum von direktem Interesse sind, hat meinen Glauben an die Stärke und die Fähigkeiten der Völker Südosteuropas und der umliegenden Länder bekräftigt. Das übergeordnete bzw. gesamte Ziel sollte die vollständige Integration ganz Europas, einschließlich Südosteuropas, in euro-atlantische Verbänden einschließlich der Europäischen Union (EU) sein. Heute stehen wir vor neuen und einzigartigen Herausforderungen. Diese Herausforderungen sollten jedoch den Fortschritt bei der Gestaltung starker regionaler, euroatlantischer und globaler Beziehungen nicht verhindern. Umso mehr, weil die Arbeit des Vienna Economic Forum und gleichgesinnten Institutionen eine enorme Bedeutung erlangt. Der Schlüssel zum Erreichen dieses Integrationsziels bleibt immer noch derselbe: gute Regierungsführung, Demokratie, transparente Märkte, offene Gesellschaften und regionale und globale Zusammenarbeit. Das Vienna Economic Forum, das inzwischen sein 15-jähriges Bestehen gefeiert hat, kann sich darauf verlassen, dass ich es bei all diesen wichtigen Aktivitäten auch in der kommenden Zeit unterstützen werde.“

“Geographic proximity to the zones of opportunity is more crucial than ever in a changing economic and political environment. The region from Adriatic to the Black Sea plays a crucial role in this respect, as it lies in the heart of trade and transportation in the world. Turkey, stretching out into the region, has always been natural bridge between the East and the West. The Turkish government attaches utmost importance to the region’s development. Turkey has therefore been actively involved in regional integration and cooperation enhancement initiatives. In addition, the Turkish private sector has also been actively investing in the region, particularly in infrastructure development, which is essential to regional trade and investments. As such, companies from VEF member countries can access multiple markets and expand their business by virtue of vast opportunities offered by Turkey’s strategic location. As an investment promotion agency, we also share our experience with our counterparts in the region. In recent years, we have hosted experience-sharing programs with VEF members including Albania, Bosnia-Herzegovina, Kosovo and Ukraine. I hope the Vienna Economic Forum, being held in the epicenter of Europe, will take us a step further and enable us to contribute to the economic relations between Turkey and the countries in the region.”

„Geografische Nähe zu vielversprechenden Zonen ist in einem sich verändernden wirtschaftlichen und politischen Umfeld wichtiger denn je. Die Region von der Adria bis zum Schwarzen Meer spielt dabei eine entscheidende Rolle, denn sie liegt im Herzen des weltweiten Handels und Transports. Mit ihrer Lage in genau dieser Region war die Türkei schon immer eine natürliche Brücke zwischen dem Osten und dem Westen. Die türkische Regierung misst der Entwicklung der Region größte Bedeutung bei. Deshalb beteiligt sich Türkei aktiv an Initiativen zur Verbesserung der regionalen Integration und Zusammenarbeit. Darüber hinaus investiert auch der türkische Privatsektor aktiv in die Region, insbesondere in die Entwicklung der Infrastruktur, die für regionalen Handel und Investitionen unerlässlich ist. Damit haben Unternehmen aus den VEF-Mitgliedsländern dank der enormen Möglichkeiten, die die strategische Lage der Türkei bietet, Zugang zu mehreren Märkten und können Expansionschancen nutzen. Als Investitionsförderungsagentur teilen wir unsere Erfahrungen auch mit unseren Kollegen in der Region. In den letzten Jahren haben wir Erfahrungsaustauschprogramme mit VEF-Mitgliedern wie Albanien, Bosnien-Herzegovina, dem Kosovo und der Ukraine durchgeführt. Ich hoffe, dass das Wirtschaftsforum Wien im Epizentrum Europas uns noch einen Schritt weiter bringt und es uns ermöglicht, einen Beitrag zu den wirtschaftlichen Beziehungen zwischen der Türkei und den Ländern der Region zu leisten.“

“Serbian Economists Association (SES) strongly cooperates with the related organizations and institutions in the country, EU member states and Western Balkan countries (such as Serbian Chamber of Commerce, Croatian Economists Association, Bled School of Management, Montenegrin Chamber of Commerce, Vienna Economic Forum etc). Through organization of joint conferences and meetings and different projects support, SES aims to contribute to the improvement in the economic system, regulation and economic policy, promotion and enhancement of regional economic connectivity, regional investment incentives, and competitiveness increase.

In the last period, Serbia's accession to the EU is being put in the context of the Western Balkans cooperation. Regional cooperation is an essential element of stabilization and association – the process guiding Serbia and the Western Balkan countries towards EU membership and a key factor for establishing political stability, security and economic prosperity.”

„Serbian Association of Economists (SAE) pflegt eine enge Zusammenarbeit mit den einschlägigen Organisationen und Institutionen des Landes, der EU-Mitgliedstaaten und der westlichen Balkanländern (wie der Wirtschaftskammer Serbiens, der kroatischen Vereinigung der Wirtschaftswissenschaftler, der Handelskammer von Bled, der Handelskammer Montenegros, Vienna Economic Forum etc.). Durch Organisation gemeinsamer Konferenzen und Treffen sowie durch Unterstützung verschiedener Projekte, trägt SAE zur Verbesserung des Wirtschaftssystems, der Regulierung und Wirtschaftspolitik, zur Förderung und Verbesserung der regionalen Wirtschaftskonnektivität, zu regionalen Investitionsanreizen und zur Steigerung der Wettbewerbsfähigkeit bei.

Zur Zeit wird der Beitritt Serbiens zur EU in den Kontext der westlichen Balkan-Kooperation gestellt. Die regionale Zusammenarbeit ist ein wesentliches Element der Stabilisierung und der Assoziierung - ein Prozess, der Serbien und die Länder des westlichen Balkans auf dem Weg zur EU-Mitgliedschaft führt und ein Schlüsselfaktor für politische Stabilität, Sicherheit und wirtschaftlichen Wohlstand ist.“

Founded in 1947, the Serbian Association of Economists is a professional organization which gathers professional economists and aspires to promote the economics profession for the benefit of the society at large. Main activities of the Association are: organization of scientific conferences and seminars, ducation and training programs, publishing activity and collaboration with academic institutions, regulatory bodies and government agencies. These activities are oriented toward the development and popularization of economic science and profession, enhancement of the quality of corporate and public governance, improvement of the economic system, regulatory framework and economic policy, strengthening of the competitiveness of Serbian economy, and promotion of ethical behavior in economic decision-making.

The Kopaonik Business Forum, organized by the Serbian Association of Economists, is held in the first week of March at the Congress Center of the “Grand” hotel at Kopaonik. Over the last ten years, the Forum has been organized under the auspices of the Prime Minister of the Republic of Serbia.

The Kopaonik Business Forum gathers renowned experts and eminent individuals from the local and regional economic and political circles. The goal of the Forum is to build a platform for exchange of thought and a constructive debate with strong argumentation, thereby perceiving key reform challenges from different perspectives: political and economic, micro and macroeconomic, from the perspective of real and financial sectors, domestic and foreign investors, private and public enterprises, theory and practice. Just as the World Economic Forum in Davos is a sort of a reality check on a global level, the Forum is a place where the results of our country's economic policy between two Forums are summarized. Over the last couple of years, the Forum has acquired a strong regional dimension.

Foundation of the Serbian Association of Economists for Supporting Students of Economics was established in 2016 with the aim of developing and promoting economics as a science and profession, affirming talented students of economics, improving the quality of education offered to students at faculties of economics and enhancing the quality of scientific research in the field of economics. The Foundation achieves the abovementioned targets by granting scholarships to talented students of faculties of economics, presenting awards to successful students of economics, by organising fundraising charity activities, independently or in cooperation with other similar organisations, through cooperation with state and privately owned business entities, cooperation with universities, schools, associations and other similar organisations whose primary interest is to promote economics.

"The Vienna Economic Forum builds a strong network and allows for the emergence of new perspectives for the development of regional economic cooperation, between the member countries of the Forum, while also presenting an opportunity to exchange new ideas.

The 17th annual Vienna Economic Forum – Vienna Dialogue for the Future 2020, has created a platform for sharing solutions and experiences, raising various issues related to mobility in the digital space, the challenges and opportunities for the regional economy and the role our youth plays in our digital world.

Now, VEF is digitally moving towards the goal of supporting regional economic cooperation between entrepreneurs from the member countries of the Forum and will continue on this route as a place for defining, meeting, and implementing various regional projects.

I am grateful for the involvement of all members, partners and friends for the permanent and constant support, which gives us to achieve even bigger goals and to broaden our horizons.

Sharing is becoming more important and helps save resources by finding fast and flexible solutions for improving the general wellbeing throughout Europe. In that sense the Vienna Economic Forum is an invaluable network!"

„Vienna Economic Forum baut ein starkes Netzwerk auf und ermöglicht die Eröffnung neuer Perspektiven für die Entwicklung der regionalen wirtschaftlichen Zusammenarbeit zwischen seinen Mitgliedsländern, während VEF auch die Gelegenheit anbietet, neue Ideen auszutauschen.

Das 17. Vienna Economic Forum - Vienna Future Dialogue 2020 schuf eine Diskussionsplattform für den Austausch von Lösungen und Erfahrungen, die wichtigen Fragen der digitalen Mobilität nachgehen konnte und sich mit den Herausforderungen und Chancen für die regionale Wirtschaft, aber auch mit der Rolle der Jugend in der digitalen Welt auseinandersetzte.

Jetzt bewegt sich VEF auch digital in Richtung seines Ziels - die regionale wirtschaftliche Zusammenarbeit zwischen Unternehmen aus den Mitgliedsländern des Vienna Economic Forum zu unterstützen, und wird diesem Weg weiter folgen als ein Ort für Definieren, Zusammentreffen und Umsetzung von verschiedenen regionalen Projekten.

Ich bin dankbar für das Engagement aller Mitglieder, Partner und Freunde des Vienna Economic Forum und für die ständige Unterstützung, die uns dazu veranlasst, noch größere Ziele zu erreichen und unser Horizont zu erweitern.

Dem englischen Begriff „Sharing“ kommt eine immer wichtigere Rolle zu, da das „Sharing“ einerseits zum Ersparen von Ressourcen und andererseits zu schnellen und flexiblen Lösungen für die Verbesserung des allgemeinen Wohlstandes in Europa verhilft. In diesem Sinne bietet Vienna Economic Forum ein unschätzbbares Netzwerk an!“

“Steiermärkische Bank und Sparkassen AG was established in 1825, almost 200 years ago, to make it possible for all groups in society to make their own individual provision. Today, we are not only the oldest but also the largest bank in Styria. Our foreign holdings are of course also heavily affected by the pandemic, but overall we are very satisfied with the development. With the acquisition of a majority stake in Ohridska Banka in North Macedonia, we are strengthening our involvement on the extended domestic market greatly and can thus be an even more stable economic partner in the region. We see a lot of potential in accompanying this country and this economic area into Europe. North Macedonia is very clearly part of Europe. And with our passion we are helping to sustain and improve the country’s economic cycle. We are proud to be a member of the Vienna Economic Forum. The partnership will result in possibilities for us to develop a strong network.”

„1825, vor fast 200 Jahren, wurde die Steiermärkische Bank und Sparkassen AG gegründet, um allen Bevölkerungsschichten finanzielle Eigenvorsorge zu ermöglichen. Heute sind wir nicht nur das älteste, sondern auch das größte Kreditinstitut der Steiermark. Unsere Auslandsbeteiligungen sind natürlich auch stark von der aktuellen Pandemie betroffen, aber insgesamt sind wir mit der Entwicklung sehr zufrieden. Durch den Erwerb der Anteilsmehrheit an der Ohridska Bank in Nordmazedonien, stärken wir unser Engagement am erweiterten Heimmarkt enorm und können somit eine noch stabilere Wirtschaftspartnerin in der Region sein. Wir sehen viel Potential darin, dieses Land und diesen Wirtschaftsraum nach Europa zu begleiten. Nordmazedonien ist ganz klar ein Teil Europas. Und wir sorgen dafür, dass wir Blut – und auch unser Herzblut – in den wirtschaftlichen Kreislauf des Landes bringen. Wir sind stolz ein Teil des Vienna Economic Forum zu sein. Durch die Partnerschaft ergeben sich für uns Möglichkeiten, um ein starkes Netzwerk aufzubauen.“

Unsere Wasserkraftwerke sind hocheffiziente (Pump-)Speicherkraftwerke in den österreichischen Alpen und Laufkraftwerke an allen größeren Flüssen in Österreich und Bayern. VERBUND betreibt aber auch Wasserkraftwerke in Albanien bzw. Windkraftwerke in Rumänien. Dabei ist uns ein schonender Umgang mit den gegebenen Ressourcen sehr wichtig.

TWO DECADES TRADITIONAL GARDEN PARTIES OF VIENNA ECONOMIC FORUM

“Culinary and Musical Journey through the Member Countries of Vienna Economic Forum.”

THE 19TH TRADITIONAL GARDEN PARTY OF VIENNA ECONOMIC FORUM

in the particular year 2020 was organized as a **Summer Cocktail in a Small Setting**

On 19 June 2020 in the Trumpet Hall of the Austrian Post

On 19 June 2020, the VEF President DI Peter Umundum, Board Member “Paket & Logistik” of the Österreichische Post AG and the VEF Secretary General Ambassador Dr. Elena Kirtcheva invited to a “Summer Cocktail in a Small Setting” instead of the 19th Traditional Garden Party “Culinary and Musical Journey through the Partner Countries of Vienna Economic Forum”.

In her opening words, the Secretary General Ambassador Dr. Elena Kirtcheva talked about the beginnings and the 18-year history of the Traditional VEF Garden Party, a beloved summer event of all Member countries of Vienna Economic Forum and invited everyone to the next anniversary Garden Party traditionally planned for June 2021.

VEF President DI Peter Umundum emphasized that: “Especially in such challenging times, we must not neglect the mutual exchange. These times warrant such a lively discussion and a closer cooperation, exactly as Vienna Economic Forum has been implementing since its foundation”. The reception was not only used for face-to-face discussions, but the participants were also able to discuss the further path and the direction of the Forum.

The invited guests, the Ambassadors of the VEF member countries, Members of the Ambassadors Committee of Vienna Economic Forum, as well as Members of the VEF Board gladly accepted the invitation. They discussed the overall economic situation in the region and spoke about the further active development of regional cooperation in the unique Trumpet hall at the Headquarters of Österreichische Post.

All participants enjoyed the “little musical journey surprise” by the Wladigeroff Brothers. H.E. Mr. Victor Osipov, Ambassador of Moldova, took the opportunity to bid farewell to the Ambassadors and to the VEF representatives at the end of his mandate in Austria and expressed his gratitude for the excellent cooperation with Vienna Economic Forum.

The host and VEF President DI Peter Umundum invited everyone to the “culinary journey”, which ended the event in a friendly and pleasant atmosphere.

As a nice souvenir, all guests received a valid stamp from Österreichische Post AG with their own photo on it, produced on site. In addition to the information material from Österreichische Post AG, the new VEF Brochure Review 2019/Preview 2020 was handed out to the guests.
